

**INSTALLATION INSTRUCTIONS
ELECTRICAL RELAY KIT
PART #S00-1018S**

The Speed Unlimited Electrical Relay Kit can be used to safely wire you new electric fuel pump, electric cooling fan and many other uses.

By following the color code listed below and following the diagram, the relay harness may be installed very quickly.

- BLUE:** 12 V "IN" FROM THE BATTERY
- YELLOW:** "OUT" TO THE PUMP OR ACCESSORY
- BLACK:** "IN" FROM THE SWITCH
- WHITE:** "OUT" TO GROUND
- RED:** NOT USED

We recommend the use of a five (5) amp fuse on the black wire and a twenty-five (25) amp fuse on the blue wire.
